All Branches of SBEU successfully held their Triennial General Meeting (TGM) in July 2021.

Southern Branch TGM was held on 10 July, 10am, Central and Northern Branch TGM was held on 17 July, Morning, 10am and Afternoon, 2pm respectively.

Southern Branch covers Kuching, Lundu, Bau, Kota Samarahan, Kota Sentosa, Padawan, Siburan, Serian, Sri Aman and Betong. Attendance: 324 members out of 603 members attended.

Central Branch covers Sibuan, Saratok, Kapit, Dalat, Mukah, Bintangor and Sarikei. Attendance: 226 out of 315 members attended.

Northern Branch covers Miri, Bintulu, Limbang, Batu Niah, Marudi and Lawas. Attendance: 252 out of 349 members attended.

Once again all branches achieve their quorum for the meeting as more than 50% of members signed in. It is this type of support from members and our organizational efficiency and professional management that enables SBEU to be one of the successful unions in the Country.

Unlike previous Meeting which was held in person, these TGM is unique in that it was held online via video conferencing. This is the new normal in view of the current Pandemic and to comply with the SOP for meeting. It is hope in 3 years' time, we can meet normally in person again.

Also, from this year onwards, the General Meeting will be held triennially instead of biennially.

The TGMs elected the officials for the 2021-2024 term. All officials and delegates were elected unopposed. While this indicates that members are generally satisfied with the performance and direction of SBEU, perhaps some contest for the posts will be a healthy move for the democratic Union.

Members for Central and Northern Branch also approved amendment to our constitution to consolidate the 3 Vice President position into one to be cost effective and for better succession planning.

Our deepest appreciation goes to all the outgoing officials for their services, dedication and contributions to SBEU despite their own personal commitment and despite the Pandemic to keep their Branches functioning.

We congratulate all newly elected officials and are confident that they will perform their duty professionally and with dedication at all times in protecting the interest of the members and will continue to drive SBEU to greater heights.

A Special Session on the Collective Agreement was carried out to update members on the latest development on the CA, obtain the view of members and advised on the way forward under the current circumstances.

Stay Safe And Stronger Together

SOLIDARITY FOREVER. UNION YES
